

Snap Lock[®] EMT Fittings

Connector & Coupling

Labor and time saving fittings for the installation electrical metallic tubing (EMT).

Sigma is proud to introduce a new line of cULus listed, Snap Lock[®] EMT products. These time-saving fittings use a patent pending technology that allows them to be installed onto the conduit without the use of any tools.

NEW PRODUCT

Connector

Size	Part#	Retail Model#	Retail Case Qty
1/2"	ECON050	49032	25 bags of 1
3/4"	ECON075	49033	15 bags of 1

Coupling

Size	Part#	Retail Model#	Retail Case Qty
1/2"	ECOP050	49072	25 bags of 1
3/4"	ECOP075	49073	15 bags of 1

FEATURES

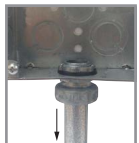

- Fast installation, fittings push onto conduit without the use of tools
- Concrete-tight, rain-tight
- Patent Pending

MATERIALS

- Durable die-cast zinc construction

INSTALLATION

Connector

Assemble with box

Push conduit into connector

Coupling

Push conduit into coupling
