

# Non-Metallic Weatherproof Boxes, Covers & Lampholders

Sigma is proud to introduce plastic (non-metallic) weatherproof products. The line includes 32 third party certified SKUs from round, single gang and two gang boxes to device covers, toggle switches, and lampholders. Sigma's line includes the Universal outlet cover which can be used for horizontal or vertical applications, making SKU consolidation possible. All products are offered in gray and white and come with corrosion-resistant nickel plated mounting hardware.
