

Non-Metallic Weatherproof In-Use Covers

Extra Duty rated In-Use Covers for wet locations.
Meets NEMA3R and NEC's 2020 "Extra Duty"

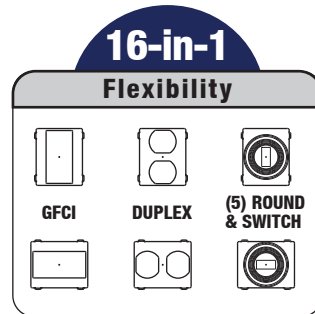

Sigma's new line of Non-Metallic While In Use Covers are engineered to handle the abuses of everyday outdoor electrical use. The robust design is constructed from heavy duty, UV resistant polycarbonate and meets NEC's 2020 "Extra Duty" requirement for hinge strength and impact performance. The product offering includes one and two gang models which easily adapt for the most common outlet configurations.

NEW DESIGN

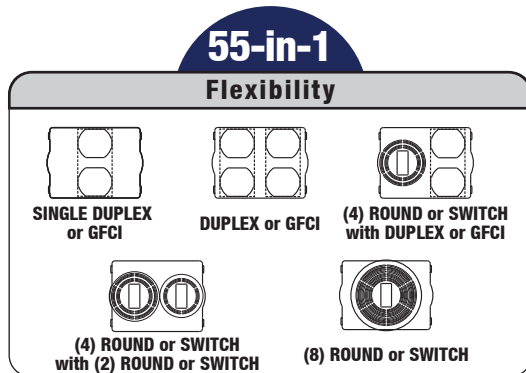

Size	Retail Model#	Retail Case Qty
1-Gang	14414CLM	6 per box
